RADIANT STARS ENGLISH SCHOOL

A JOURNEY THAT CONTINUES...

THE SEED

Every great journey begins quietly.
Not with applause. Not with certainty.
But with a thought... a belief...
a vision waiting to take root.

Some dreams remain in the eyes.
Others find their way to the earth—
take root, grow branches,
and quietly become a part of many lives.

A seed may be small,
but within it lives the promise
of a tree.

THE *Vision*

OUR FOUNDER

With a deep faith in the transformative power of education, our Founder envisioned a school where values and learning walk together, where every child is seen, heard and guided, and where dreams are given the right direction and the right environment to flourish.

His vision was simple, yet profound—to create a place where character is built, curiosity is nurtured and every learner discovers the best within.

With calm determination, disciplined efforts and unwavering commitment, he laid the foundation of Radiant Stars English School, turning a heartfelt dream into a vibrant institution that continues to inspire and empower generations.

"A school is not just a building, it is a living dream, shaped by people and sustained by values."

Some dreams
remain within
the walls of the mind.

Others ask to be
built into the world.

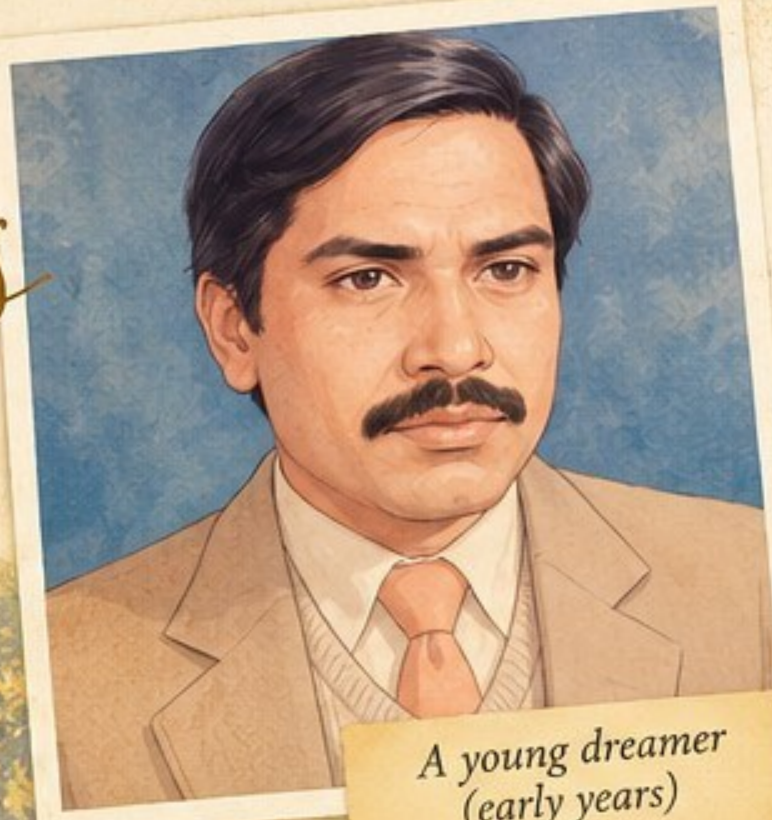

He believed in education
as a force that could
nurture young minds,
awaken character
and open doors
to a brighter tomorrow.

Early Beginnings

In 2006, it began as a dream and a piece of land—with open skies above and endless possibilities within.

There were no grand buildings then, only a vision, a few rooms and a deep belief in the power of education.

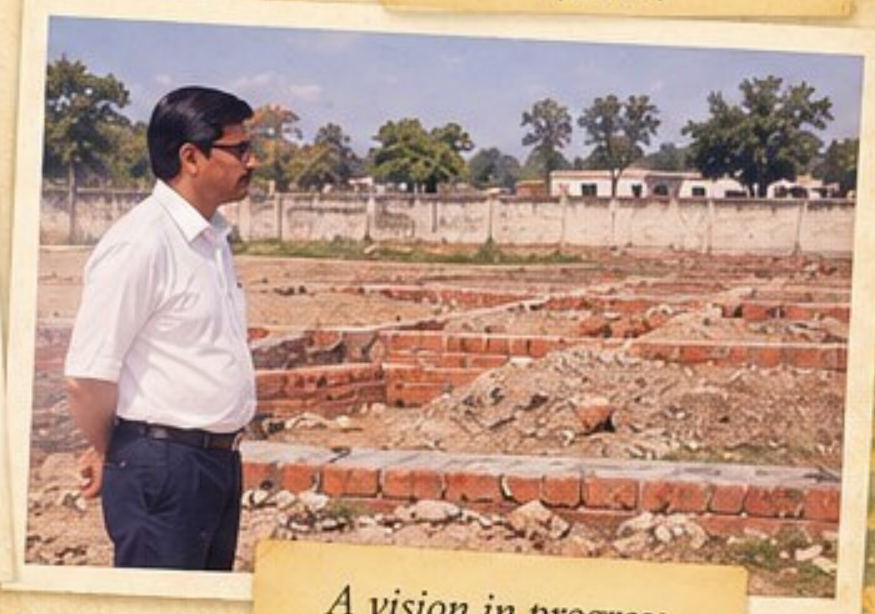

A young dreamer (early years)

The first building (2006)

Plans take shape

A vision in progress

Turning *Dreams* into Reality

With quiet determination,
our Founder took the first steps—
turning a vision into action.

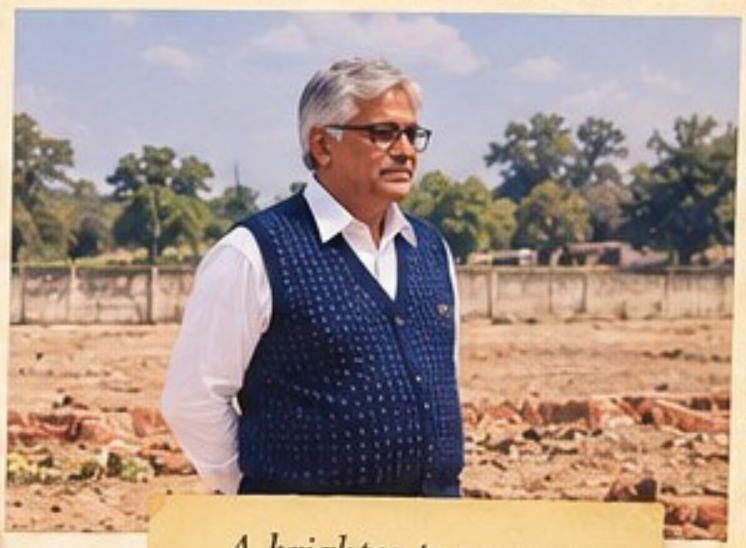

Every brick laid, every plant
nurtured, every small effort
was a step towards a larger dream.

There were challenges,
long days and countless details,
but the belief never wavered—
that this place would one day
be a home for many young minds.

And so, brick by brick,
a dream began to grow.

Building with vision

A brighter tomorrow

ROOTS TO OPPORTUNITIES

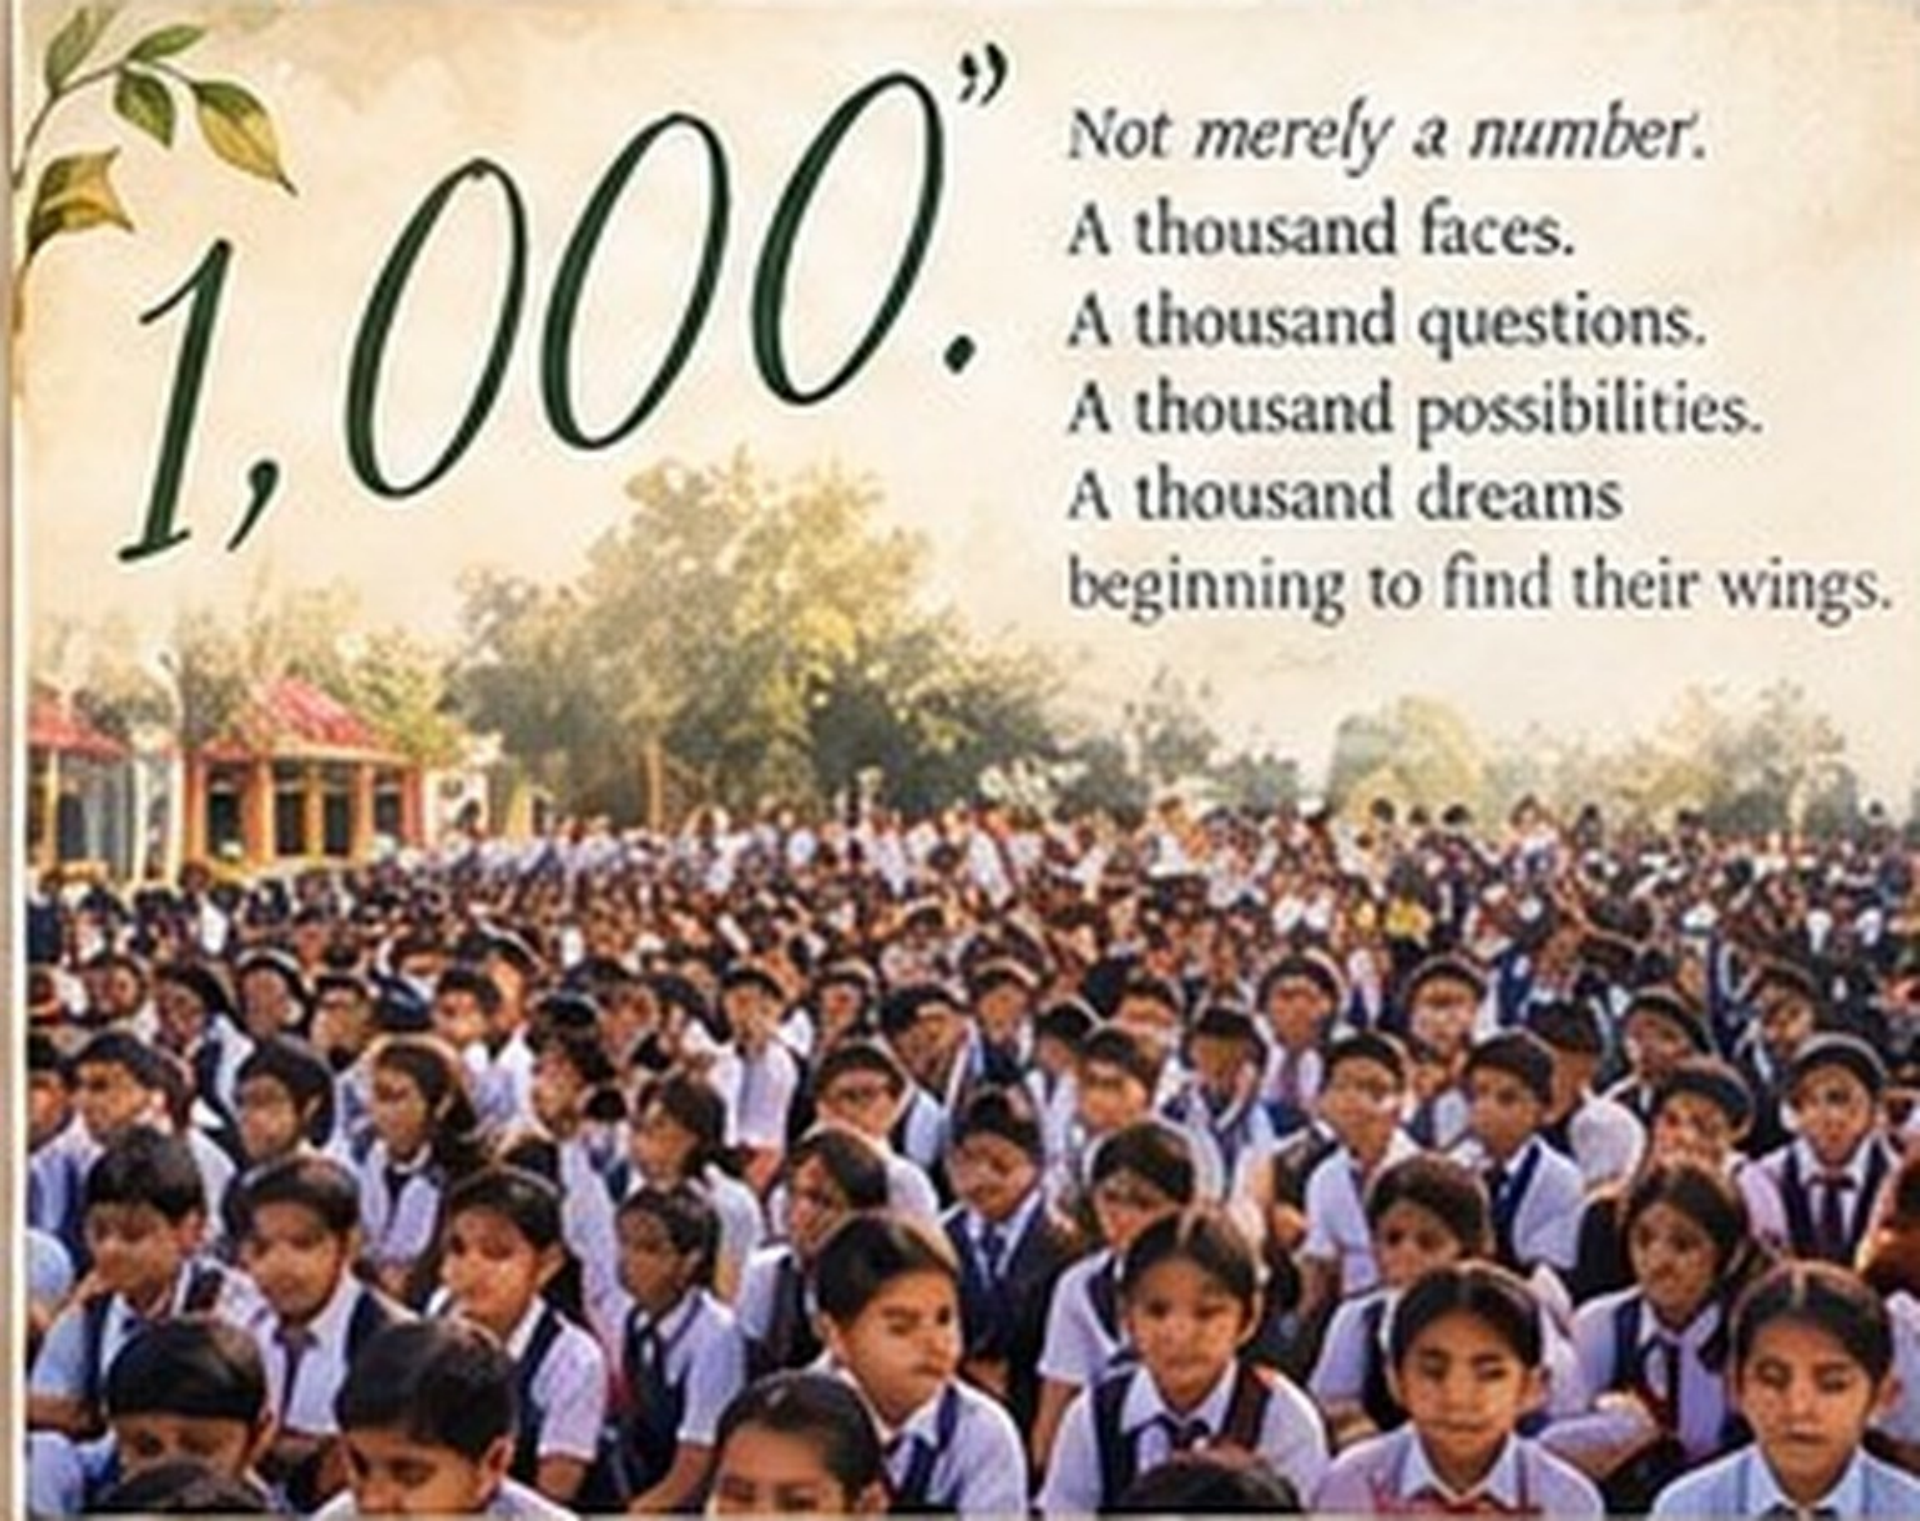

A seed became a sapling.
A sapling became a tree.

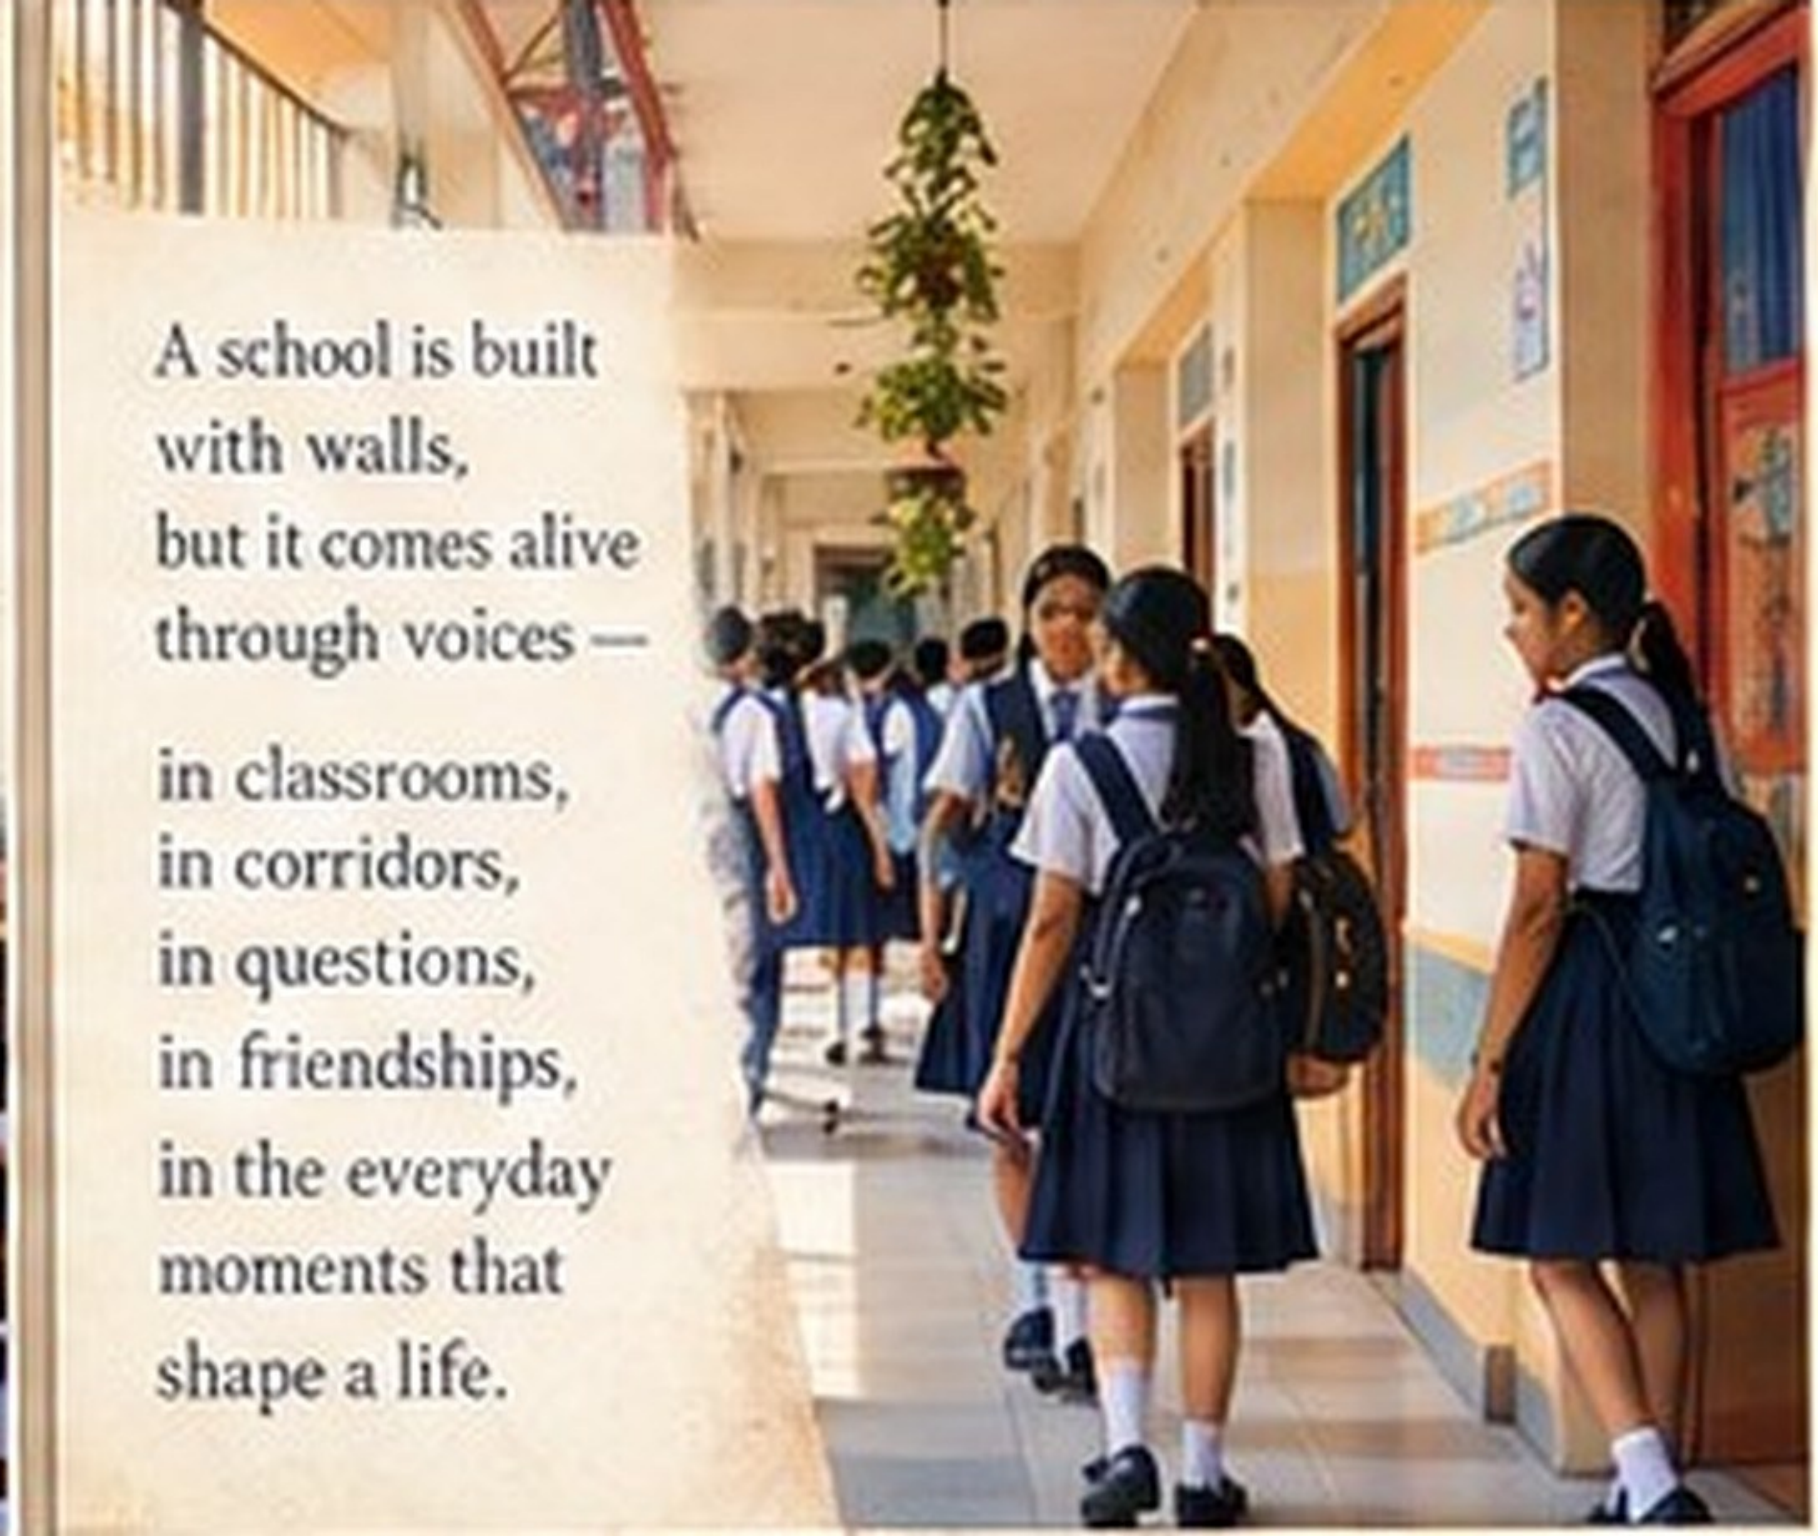

But beyond numbers,
it has grown in confidence,
opportunities and
the limitless dreams
it continues to hold.

From little beginnings
to bright tomorrows...
a journey of learning,
growing and belonging.

1,000.

Not merely a number.
A thousand faces.
A thousand questions.
A thousand possibilities.
A thousand dreams
beginning to find their wings.

A school is built
with walls,
but it comes alive
through voices —

in classrooms,
in corridors,
in questions,
in friendships,
in the everyday
moments that
shape a life.

Here, learning stepped beyond the page.

Questions became experiments.
Curiosity became discovery.
And knowledge became something to be touched, tested and understood.

People Give Life *to a School*

Buildings may give a school
its shape. People give it its soul.

Teachers, mentors, staff and
every member of our school community
are the quiet builders of futures —
guiding, encouraging and believing,
even when the journey is not easy.

Beyond Classrooms
Brighter Memories

There was learning in the classrooms,
laughter in the corridors,
music in the air, friendship in the playgrounds,
and a hundred small moments
that made school life
so much more than lessons
and examinations.

12. A LIVING WORLD

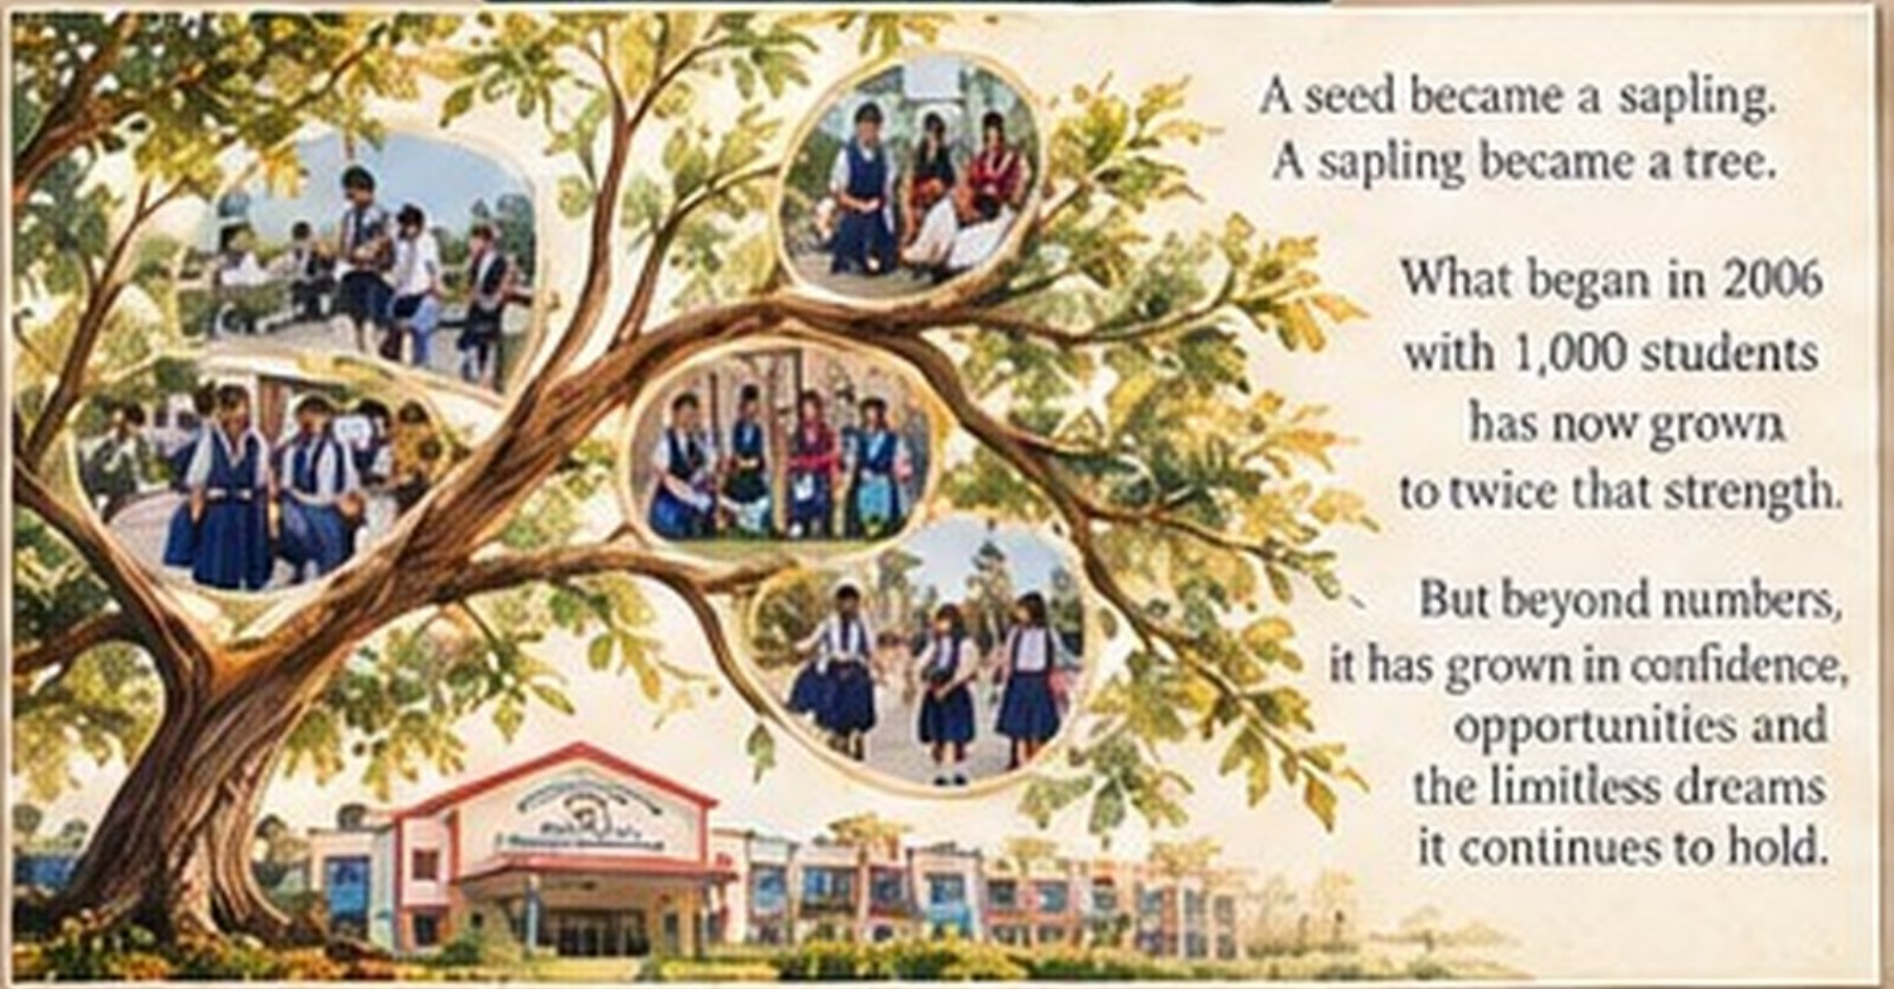

There was learning
in the classrooms,
laughter in the corridors,
music in the air,
friendship in the playgrounds,
and a hundred small moments
that made school life
so much more than lessons
and examinations.

13. THE GROWING TREE

A seed became a sapling.
A sapling became a tree.

What began in 2006
with 1,000 students
has now grown
to twice that strength.

But beyond numbers,
it has grown in confidence,
opportunities and
the limitless dreams
it continues to hold.

14. THROUGH THE EYES OF OUR STUDENTS

"This school feels like a second home. Here I have found friends for life.

— Class XII

Perhaps it looks different to every child.

To one, it is a classroom.
To another, a playground.
To another, a place where a question first became a dream.

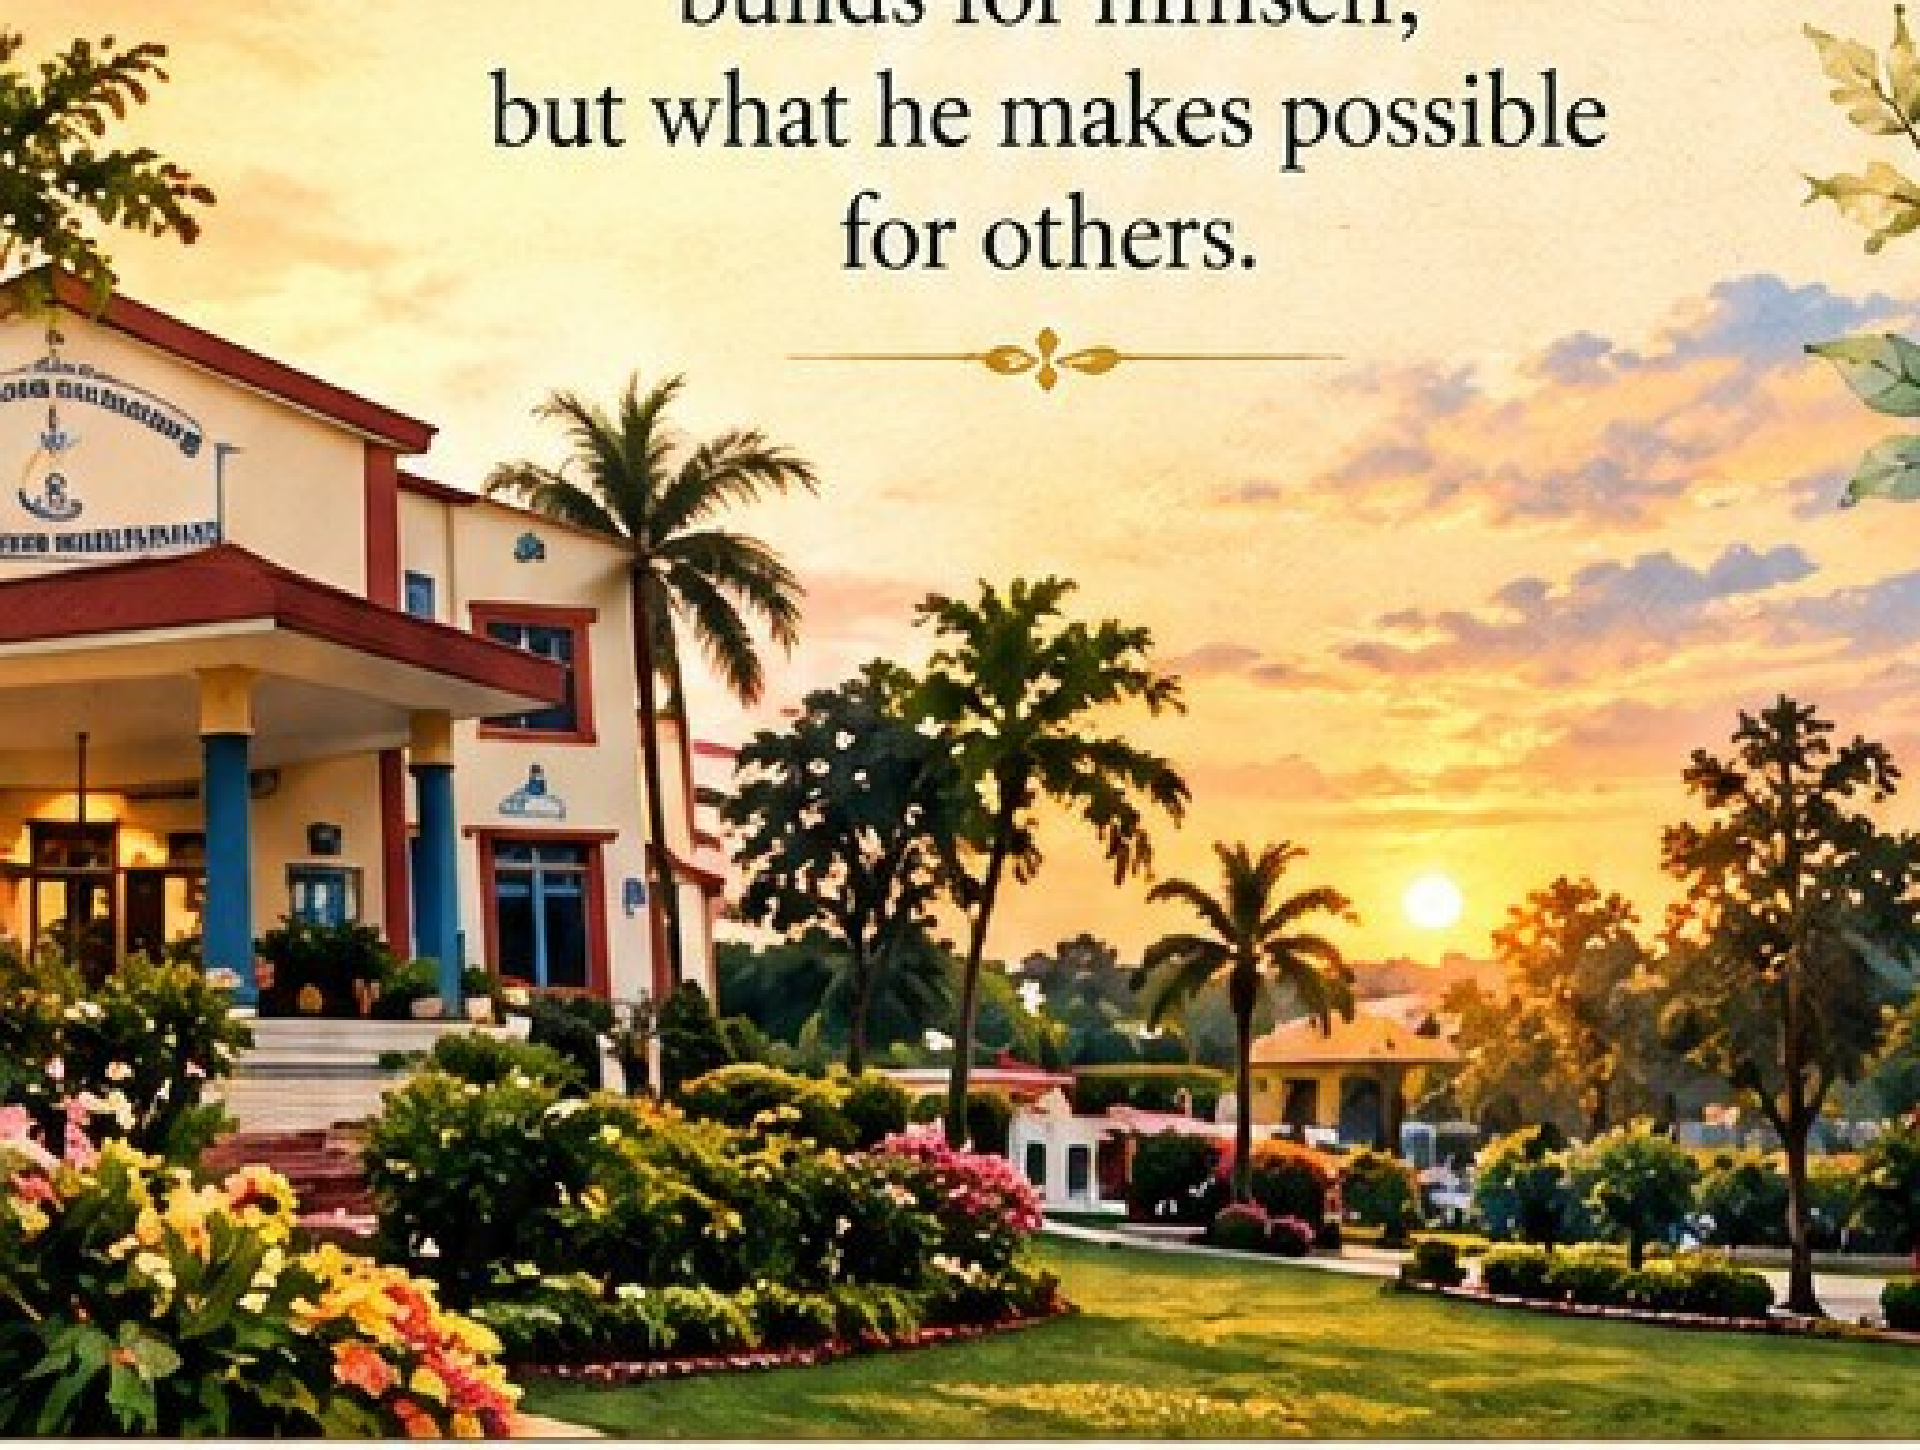

RSES has given me confidence to dream, and the right support to achieve.

— Class X

Vision *that Builds* ***Possibilities***

Perhaps the true measure
of a founder is not what he
builds for himself,
but what he makes possible
for others.

Wider Branches Brighter Tomorrows

The branches have grown wider.
The shade has reached farther.
And beneath it, new generations
continue to arrive —
curious, hopeful and ready to grow.

In the Eyes of the Community

Over the years, Radiant Stars English School has not only created memories within its classrooms but has also made headlines beyond its campus. These newspaper articles reflect the trust, appreciation and pride of the larger community. They speak of our celebrations, our achievements, our values and our constant endeavour to shape young minds into compassionate, confident and responsible citizens.

More Than Just News

These are milestones of a meaningful journey

Each article carries a story...
a story of young learners discovering their potential,
of teachers lighting the path with dedication,
of celebrations that nurture culture and togetherness,
of achievements that inspire many more to dream,
and of a school community that believes in
building a brighter, kinder and stronger tomorrow.
